

2021 G8 Academy Student Selection Rubric

The One World G8 Academy is a new after school program to re-engage high potential yet underperforming middle school students so they are ready for high school.

One World wants to provide students with an after school experience that is academically challenging, culturally relevant, and socially supportive.

The goals of the One World Academy are to improve research and writing skills, students' overall grades and attendance, and social-emotional learning.

Use this rubric to select the perfect G8 Academy students!

Grade Level
Academic Potential
Academic Performance
School Representative

Gonna Be Fine
Working above grade level.
Meeting or exceeding their potential.
Excels at everything they do.
Participates in many opportunities offered by the school.

A Perfect Nominee
Working at, or close to, grade level.
Shows glimpses of meeting potential, but not enough!
Excellent work sometimes, but not so much lately!
Maybe overlooked because of highest-performing students.

Not Quite Ready
Currently working below grade level.
Working below potential.
Not yet showing proficient academic performance.
Not a great school representative at this time.
